

Specialty Mechanical Services

Your Strategic Partner for Complete Industrial Solutions

The Dupill Group partners with customers to deliver first-in-class specialty mechanical solutions—covering valve services, field machining, welding, and outage support—ensuring safe, reliable, and efficient operations.

Founded in 1985 by Raymond “Pete” Dupill, Dupill Group has over 40 years of experience. We are a family and veteran-owned business built on honesty, integrity, and perseverance. After decades of building relationships and becoming a trusted partner to our customers, you can rely on us to solve your most challenging valve-related problems.

Commitment to Quality

- Valve Repair
- Consulting and Procurement
- Valve 101/Maintenance Training
- Turnkey Services
- Specialty Welding
- Outage Solutions
- Equipment Rentals
- Fabrication

Service-Disabled Veteran-Owned Small Business

Company Locations

- Leechburg, PA
- Butler, PA
- Cypress, TX
- Richland, WA
- Johnson City, TN

Quality Assurance & Accreditations

10CFR50 Appendix B
ASME NQA-1
10CFR21
10CFR830.122 Subpart A
DOE Order 414.1D

DG Nuclear focuses on supporting the Nuclear industry with engineered solutions for the replacement, repair, actuation, testing, and qualification of all types of valves.

DG Services specializes in valve testing and repair, specialty welding, and fabrication. We are certified for Section I & VIII pressure relief valves with the ability to test on Air, Liquid, & Steam.

FCCI provides high quality mechanical components to the DOE, DOD, and industrial markets. As a Prime Subcontractor we offer products and services to support large complex projects.

Dupill Group Capabilities

Valve Repair

- In-situ-Valve Repairs
- Pressure Relief Valves (VR accredited)
- MOV Valves
- Manual Valve Repair
- Shop & Field Services

Specialty Welding

- Automated / Orbital Welding
- Tip Tig (Specialty Alloys-P91)
- Valve Seat Replacement
- High Purity P-8 Welding (Automated/Manual)
- GTAW, SMAW, SMAW, and FCAW

Specialty Mechanical

- Field Machining
- Technical Bolting/Tensioning
- Isolation Test Plugs
- Hot Taps / Line Stops / Isolation Bag Stops

Fabrication

- Piping Systems & Installation
- Small Modules
- Vessels/Skids
- Custom Builds / Fabrications

Engineering

- Reverse-Engineering & Obsolescence Support
- Inspection Services & 3D Scanning
- Design Optimization / DFMA / Poka-Yoke
- Rapid Prototyping
- Manufacturing Support Services & Consulting

Staff Augmentation

- Valve Technicians, Specialty Welders, Pipefitters

Consulting

- Site Walkdowns
- Product Sourcing
- Oversight
- Reporting

Equipment & Tool Rentals

- Specialty Valve Tools for Inline Repair
- PRV Valve Testers
- Line Boring, Flange Facing, Cutting and Milling Tools
- Hydraulic or Pneumatic Torque Tools and Drills
- Rentals Available: Daily, Weekly & Monthly

Training

- Valve 101
- Valve Maintenance
- Tailored Training Classes (JIT)
- On-site and Off-site

Our Valued Customers

Industries Served

Nuclear • DOD/DOE • Industrial • Oil and Gas • Power Generation • Semiconductor
