

# Specialty Welding & Fabrication

## Field Services

### Specialty Welding & Fabrication

Dupill Group offers specialty welding, field machining and heat treating. We also offer shop fabrication services to help minimize the outage window. Our expertise spans multiple industries including both nuclear and fuel power generation, pipeline, petrochemical, refineries, and other industrial markets. Our focus is always on quality and safety to make sure that your project gets done right.

#### Welding Services

Manual • Automatic • Automatic with Video • Specializing in Exotic Alloys  
Closure/Golden Welds • Boiler Tube • Pressure Vessels

#### Piping Systems

ASME B31.1, B31.3, and all Welders and Welding Procedures are Qualified to ASME Section IX

#### Field Machining

Pipe Beveling • Pipe Cutting • Milling & Drilling • Plasma Cutting  
Flange Facing • Valve ID Repair

#### Heat Treating

Pre and Post Weld Heat Treating Services through Induction or Resistance Methods adhering to the D10.10 and D10.22 Standards

#### Testing Services

NDE Inspections, Visual, Liquid Penetrant, Magnetic Particle, Ultrasonic, Hydrostatic & Pneumatic

- Wide Range of Alloys
- Piping, Vessels, Valves
- Process Skids
- Installation
- Shop Fabrication

### Quality Assurance and Accreditations

10CFR50 Appendix B  
ASME NQA-1  
10CFR21  
10CFR830.122 Subpart A  
DOE Order 414.1D

Service-Disabled Veteran-Owned Small Business
